# Technology

I am very excited about this new school year. New activities in both Digital Citizenship and Cyber Security will enhance our time in Technology. We will continue to use Google Drive for all our students even our “Littles” kindergarten and first grade..

Mrs. Cageao

# Art

We extend a big welcome to our first semester intern, Ms. Chandlee Freudenberger! She will be at SES on Fridays. We are looking forward to working with your children. We will incorporate the *Elements of Art* and *the Principles of Design* with learning about artists, art styles, and different mediums. We have a wonderful Art Gallery. Be sure to visit our displays throughout the year.

Ms. Martin

# Physical Education

We are excited to be a part of the Colts family! It will be a great year working with your children. Our goal is to instill lifelong healthy habits. Remember your appropriate PE attire for class!

Mrs. Kendall (K-5)

Mr. Barkley (1-3)

# Music

Music will be fun for ALL students at SES!  
ALL 3rd, 4th and 5th graders will use a recorder in music class. If you do not already have one, you can order through Sept 5th. You can conveniently pay for the recorder on line through the “pay fees” tab on our school website. Simply select “Music-recorders”. Or you can send \$6.50 in a marked envelope with student’s name & homeroom teacher’s name. 4th and 5th graders can sign-up for chorus. Please send in the permission slip ASAP. These forms will come home the first week of school. THANK YOU! Mrs. Kawakami

# Media Center

Welcome! My goal is to inspire in each and every student a LOVE for reading. Please visit the *Media Center* link on our school website for information on library policies and programs as well as to other educational resources.  
HAPPY READING! Mrs. Ficklen
